#### ABOUT GIFTIFY, INC.

Giftify owns and operates Restaurant.com, a pioneer in the restaurant deal space and the nation's largest restaurant-focused digital deals brand. Our profile fundamentally changed with the acquisition of CardCash Exchange, Inc. ("CardCash") in December 2023. CardCash buys merchant gift cards from the general public and distributors at a discount and then resells them at a markup. CardCash's core service offering includes the buying and selling of gift cards from over 1,100 retailers including Target, Home Depot, Starbucks and TJ Maxx, among others.

The acquisition and integration of CardCash has changed our financial position, market profile and brand focus, and has also expanded our search for additional business opportunities in the short-term, both internal and external.

We have two principal divisions, B2C and B2B, for both CardCash and for Restaurant.com.

#### CardCash

CardCash operates as a leading gift card exchange platform, facilitating the purchase and sale of unused gift cards at discounted rates for both consumers and businesses. The Company's mission is to provide a seamless marketplace for individuals looking to maximize the value of their gift cards while also offering businesses innovative solutions to leverage this market.

CardCash's core service offering includes the buying and selling of gift cards from over 1,100 retailers, such as Target, Home Depot, Starbucks and TJ Maxx, among others. By connecting buyers and sellers, CardCash enables consumers to unlock value from unused gift cards and save significant amounts on their purchases.

CardCash purchases unused gift cards at a value lower than their face worth and subsequently retails them at a discounted rate to discerning shoppers nationwide. This avenue not only allows individuals to obtain cash for their unneeded gift cards but also enables them to make cost-effective purchases through discounted gift cards.

With advanced fraud prevention technology, known as FraudFix, CardCash ensures the security and integrity of all transactions conducted on its platform. This commitment to trust and reliability has contributed to its success in saving consumers over \$100 million since its inception.

In addition to its consumer-focused operations, CardCash provides white-label solutions for brands, allowing them to integrate gift card exchange capabilities into their own platforms. Major retailers like Amazon, Best Buy, CVS and Dell have capitalized on these solutions to enhance their customer offerings and drive additional revenue streams through gift cards without compromising product value.

By fostering a mutually beneficial ecosystem, CardCash.com drives a scenario where consumers and businesses effortlessly trade unwanted gift cards while others access these cards at discounted rates, simultaneously benefiting merchants as unused gift cards are utilized to convert financial liabilities into revenue.

Furthermore, CardCash facilitates Business-to-Business (B2B) exchanges, enabling companies to efficiently manage surplus gift card inventory and procure gift cards in bulk for various business needs. This service not only benefits businesses but also contributes to a thriving gift card market projected to reach \$400 billion by 2026.

Moreover, CardCash is committed to social responsibility through partnerships with charitable organizations. Initiatives like the collaboration with Charity On Top for fundraising efforts during natural disasters showcase CardCash's dedication to giving back to the community. Partnerships with reputable institutions such as St. Jude's Research Hospital demonstrate CardCash's commitment to supporting critical causes and making a positive impact.

Among its offerings, CardCash Incentives provides new gift cards for over 300 brands at discounted rates, catering to businesses seeking employee engagement and customer loyalty through customized gift card solutions. The recent introduction of the CardCash uChoose platform further enhances the Company's portfolio by offering businesses the option to provide gift card choices from a wide selection of brands to recipients.

Overall, CardCash's multifaceted approach to the gift card market, coupled with its focus on innovation and social impact, positions the Company as a key player in the industry with a strategic vision for continued growth and success.

#### CardCash Growth Plans

CardCash intends to grow its current four business channels, bulk to bulk, bulk to retail, retail to bulk and retail to retail, to take advantage of the projected expansion by 2026 of the global market for gift cards to \$400 billion (see "Business - Pending Acquisition – CardCash Exchange, Inc.") as follows:

• <u>Increase Access to Strategic Partnerships and Expanded Data</u>. CardCash intends to transition from having its own online platform for both consumers and repeat high-volume sellers of gift cards to operating exchanges. CardCash currently operates approximately 25 branded exchanges. CardCash is focusing on three business growth concepts:

#### Branded Exchange for Retailer Partnerships

CardCash intends to increase the number of gift card exchanges on partner websites to send traffic to CardCash.com. CardCash launched its first branded exchange partnership with CVS Pharmacy in 2012 and experienced an increase in the amount of spending by both new and existing customers. In 2017, CardCash and Amazon launched a branded exchange which has grown to be CardCash's most successful partnership to date. In 2023, Mastercard and Amazon led all CardCash branded exchanges with \$1,800,000 and \$1,900,000 in revenue, respectively.

#### CardCash Checkout

CardCash is developing the technology to allow retailers to accept any gift card, anywhere, at any time to reduce the combined interchange fee for businesses, result in new-found money for customers and increase the average amount purchased. CardCash profits by selling the card on the secondary market, the transaction is sourced from the point of checkout, and by not being on CardCash's website, represents a perpetuating network.

#### CardCash Giving

The purpose of this concept is to allow consumers to pay for their retail purchases with gift cards and to have the charity of their choice receive a donation, thereby increasing the appeal of using CardCash at checkout. CardCash has developed this donation platform to allow customers to use the power of their shopping to support the charity of their choice. CardCash has an existing partnership with St. Jude Children's Research Hospital that allows customers to spend gift cards anywhere they want while donating to cutting-edge medical research. The giving platform works by (i) CardCash negotiating 5% - 20% discounts on the gift cards, (ii) splitting that discount 70/30 with the charity and (iii) giving the retailer a tax write-off of 70%. Through CardCash's platform, consumers can, for example, help families pay down student loan debt and contribute to research and awareness for childhood illnesses, improved heart health, etc.

- <u>Increase Marketing Efforts</u>. CardCash intends to increase its marketing to retailers and consumers to accelerate its sales of gift cards.
- <u>Increase Profit Margins</u>. CardCash intends to shift its cost structure to allow it to process scalable volumes of 4-5X its current number of gift cards with a very slight increase in cost. CardCash believes that a more efficient use of machine learning transaction processing with richer data from a strategic subset can empower it to scale its model to meet the needs of the gift card market. CardCash is seeking a strategic investment and collaboration, in addition to what it receives by its merger with Giftify, to bring data synergy and higher margins from more reliable processing. While the bulk-to-bulk channel is expected to represent the largest contributor of CardCash's sales in the years to come, the other three channels are projected to grow at a faster rate and account for an aggregate 50% of sales over the next two years. CardCash expects to drive top-line growth by adding new branded exchange partnerships that in turn are expected to generate more users and increase demand for other services. CardCash currently has a 13.0% gross margin for its four revenue streams combined. CardCash anticipates that its gross margins will increase approximately 8% in the next two years based on retail-sourced inventory and retail sales. CardCash's focus is to maximize inventory sourced through checkout and branded exchange initiatives to drive significant volume on the secondary market and generate higher gross margins.

#### Restaurant.com Business to Customer Division

Our B2C division accounted for approximately 50% of gross revenue in our fiscal year ended December 31, 2024. To our database of 6.2 million customers, we sell:

- Discounted certificates for 10,000 restaurants. The certificates range from \$5 to \$100 and never expire.
- Discount Dining Passes, which provide discounts at 170,000 restaurants and other retailers. These passes provide multiple uses for six months.
- "Specials by Restaurant.com" which bundle Restaurant.com certificates with a variety of other entertainment options, including theatre, movies, wine and travel. Customers have favored these bundled offering ("Specials"), generating significantly greater revenue per customer when compared to purchasing our other products. The average order value for these Specials sales is nearly five times a certificate purchase. Specials generated over 5% of our past year's B2C revenue from 60% of the B2C orders for the fiscal year ended December 31, 2023. We believe that our relationships with small businesses presents a significant revenue opportunity through such cross-promotions.

#### Restaurant.com Business to Business Division

Our B2B division accounted for approximately 50% of our gross revenue in our fiscal year ended December 31, 2024. We sell certificates and Discount Dining Passes to corporations and marketers, which use them to:

- generate new customers;
- increase sales at the point of sale;
- reward points/customer loyalty;
- convert to paperless billing and auto-bill payment.
- motivate specific customer behavior such as free home repair estimates and test drives for auto dealers;
- · renew subscriptions and memberships; and
- address customer service issues.

Your broker, bank or other nominee has enclosed a voting instruction form for you to use in directing your broker, bank or other nominee as to how to vote your shares. However, we still encourage all shareholders to vote their shares in advance of the Annual Meeting, in case they are unable to attend the Annual Meeting for any reason.

#### What shares are included on a proxy or voting instruction card?

Each proxy or voting instruction card represents the shares registered to you as of the close of business on the Record Date. If you attend the Annual Meeting virtually, you may vote your shares electronically during the meeting. However, even if you plan to attend the Annual Meeting, we still encourage you to vote your shares ahead of time to ensure your voice is heard.

#### How can I vote at the Annual Meeting?

Shareholders of record may vote their shares electronically at the Annual Meeting by following the instructions at <a href="https://us05web.zoom.us/j/7512299944">https://us05web.zoom.us/j/7512299944</a>? or by following the instructions provided on the enclosed proxy card.

If you were the beneficial owner of shares (that is, you held your shares in "street name" through an intermediary such as a broker, bank or other nominee) as of the Record Date, you will receive instructions from your broker, bank or other nominee as to how to vote your shares or submit a proxy to have your shares voted. In most cases, you will be able to do this by mail, via the Internet or by fax. Alternatively, you may obtain a "legal proxy" from your broker, bank or other nominee and register in advance to attend the Annual Meeting at <a href="https://us05web.zoom.us/j/7512299944?">https://us05web.zoom.us/j/7512299944?</a> prior to the Annual Meeting.

If you sign and return your proxy card, but do not give voting instructions, your shares will be voted by the persons named as proxies on your proxy card on each matter in accordance with the recommendation of the Board of Directors or, if no recommendation is made by the Board of Directors, in the discretion of the proxies.

# What is the effect of a broker non-vote on the proposals to be voted on?

Under the rules that govern brokers and nominees who have record ownership of shares that are held in "street name" for account holders (who are the beneficial owners of the shares), brokers and nominees generally have discretionary authority to vote such shares on routine matters, but not on other matters. Accordingly, brokers and nominees will not have discretionary authority to vote on the following matter at the 2025 Annual Meeting:

• The election of members to our Board of Directors

For the matter above, if you are a street name beneficial shareholder, then you must indicate to your broker how you would like to vote.

Only the proposal to ratify the appointment of Weinberg & Company as the Company's independent registered public accounting firm for fiscal year 2025 (Proposal No. 2) is a routine matter for which your broker will have discretionary voting authority.

If a broker or nominee has not received voting instructions from an account holder and does not have discretionary authority to vote shares on a particular item, a "broker non-vote" occurs.

Our Board is not aware of any matters that are expected to come before the Annual Meeting other than those described in this proxy statement. If any other matter is presented at the Annual Meeting upon which a vote may be properly taken, shares represented by the proxy cards received by the Company will be voted with respect thereto at the discretion of the persons named as proxies on the enclosed proxy card.

# Will my shares be voted if I do nothing, or if I do not vote for some of the proposals listed on my proxy card?

If your shares are registered in your name, you must sign and return a proxy card for your shares to be voted, unless you vote via the Internet, by fax, or attend and vote at the Annual Meeting. If you provide specific voting instructions, your shares will be voted as you have instructed. If you execute the proxy card and do not provide voting instructions on any matter, your shares will be voted in accordance with our Board's recommendations on that matter. We urge you to sign, date and return the enclosed proxy card in the postage-paid envelope provided, or vote via the Internet or by fax as instructed on the proxy card, whether or not you plan to attend the Annual Meeting.

If your shares are held in "street name" (that is, held for your account by a broker, bank or other nominee), you will receive voting instructions from your broker, bank or other nominee. You must follow these instructions in order for your shares to be voted. Your broker is required to vote those shares in accordance with your instructions. Your broker, bank or other nominee will be able to vote your shares with respect to Proposal 2. We urge you to instruct your broker, bank or other nominee, by following the instructions on the enclosed proxy card, to vote your shares in accordance with our Board's recommendations, whether or not you plan to attend the Annual Meeting.

#### Can I change my vote after I have voted?

You may revoke your proxy and change your vote at any time before the final vote at the Annual Meeting. If your shares are registered directly in your name, you may change your vote or revoke your proxy by:

- Delivering written notice to Steve Handy, the Company's Secretary, that is received before the Annual Meeting;
- Submitting a later dated proxy over the Internet or by fax in accordance with the instructions in the proxy card; or
- Voting your shares electronically during the Annual Meeting.

If your shares are held in street name, you should contact your broker, bank or other nominee to change your vote or revoke your proxy.

WHETHER OR NOT YOU PLAN TO ATTEND THE ANNUAL MEETING, WE URGE YOU TO SIGN, DATE AND RETURN THE ENCLOSED PROXY CARD IN THE POSTAGE-PAID ENVELOPE PROVIDED, OR VOTE VIA THE INTERNET OR BY FAX AS INSTRUCTED ON THE PROXY CARD "FOR" THE COMPANY'S DIRECTOR NOMINEES AND "FOR" PROPOSAL 2.

# What should I do if I receive more than one proxy card or other sets of proxy materials from the Company?

If your shares are held in more than one account, you will receive more than one proxy card, and in that case, you can and are urged to vote all of your shares "FOR" the Company's nominees and "FOR" Proposal 2 by signing, dating and returning all proxy cards you receive from the Company in the postage-paid envelope provided. If you choose to vote by fax or via the Internet, please vote "FOR" the Company's nominees and "FOR" Proposal 2 using each proxy card you receive to ensure that all of your shares are voted. Only your latest dated proxy for each account will count. Please sign each proxy card exactly as your name or names appear on the proxy card. For joint accounts, each owner should sign the proxy card. When signing as an executor, administrator, attorney, trustee, guardian or other representative, please print your full name and title on the proxy card.

#### What vote is required to approve each proposal at the Annual Meeting?

A majority of the stock having voting power present in person or represented by proxy at the Annual Meeting is required for approval of each proposal. For the proposal of the election of five (5) directors to serve on our Board of Directors, shares entitled to vote at the Annual Meeting that are not voted for a particular nominee or shares present by proxy where the shareholder properly withheld authority to vote for such nominee will not be counted toward that nominee's achievement of a majority. For the other proposals, abstentions are considered shares present and entitled to vote on the proposal, and, thus, will have the same effect as a vote "Against" such proposal. Broker non-votes, if any, will have no effect on the outcome of such proposal.

Other Matters: Approval of any other matter that comes before the Annual Meeting generally will require the affirmative vote of a majority of the shares of capital stock of the Company present in person or represented by proxy at the meeting, although a different number of affirmative votes may be required, depending on the nature of such matter.

#### Who will count the votes?

Transhare Corporation will serve as the independent inspector of election (the "Inspector of Election") and, in such capacity, will count and tabulate the votes.

#### Where can I find the voting results of the Annual Meeting?

We will report voting results based on the Inspector of Election's final, certified report on a Current Report on Form 8-K that we will file with the SEC within four business days after the Annual Meeting.

# If I can't attend the Annual Meeting, can I vote later?

We encourage shareholders to vote and submit their proxy in advance of the Annual Meeting by one of the methods described in the proxy materials, regardless of whether you think you will be able to attend the Annual Meeting. Any votes submitted after the closing of the polls at the Annual Meeting will not be counted.

# What happens if the Annual Meeting is adjourned?

Unless a new Record Date is fixed, your proxy will still be valid and may be used to vote shares of our Common Stock at the adjourned Annual Meeting. You will still be able to change or revoke your proxy until it is used to vote your shares.

#### Do I have any dissenters' or appraisal rights with respect to any of the matters to be voted upon at the Annual Meeting?

No. Delaware law does not provide shareholders any dissenters' or appraisal rights with respect to the matters to be voted on at the Annual Meeting.

## How do I request a paper copy of the proxy materials?

The proxy materials are posted on our website at www.giftify.com and are available from the SEC at its website www.sec.gov.

THE PROXY CARD WILL BE VOTED AS DIRECTED OR, IF NO DIRECTION IS GIVEN, WILL BE VOTED "FOR" EACH OF THE COMPANY'S DIRECTOR NOMINEES AND "FOR" PROPOSAL 2. THE COMPANY'S NAMED PROXIES ARE AUTHORIZED TO VOTE IN THEIR DISCRETION UPON SUCH OTHER BUSINESS NOT KNOWN AS MAY PROPERLY COME BEFORE THE ANNUAL MEETING OR ANY ADJOURNMENTS THEREOF.

Your Vote Is Important. Whether You Own One Share or Many, Your Prompt Cooperation in Voting Your Proxy is Greatly Appreciated.

#### **EXECUTIVE COMPENSATION**

#### **Compensation Philosophy**

The following is a discussion and analysis of our underlying our policies and decisions with respect to the compensation of our executive officers and what we believe are the most important factors relevant to an analysis of these policies and decisions. We are currently considered a "smaller reporting company" for purposes of the SEC's executive compensation disclosure rules. Our "named executive officers" for 2023 and 2024 were Ketan Thakker, Steve Handy, Aaron Horowitz, Tim Miller, Balazs Wellisch and, serving as officers of our CardCash subsidiary, Elliot Bohm and Marc Ackerman. The compensation of our named executive officers and our other current executive officers is based on individual terms approved by our Board of Directors. This section highlights key aspects of our compensation program.

Our Compensation Committee will oversee these compensation policies and, together with our Board of Directors, will periodically evaluate the need for revisions to ensure our compensation program is competitive with the companies with which we compete for executive talent.

#### Objectives and Philosophy of Our Executive Compensation Program

The primary objectives of the Board of Directors in designing our executive compensation program are to:

- attract, retain and motivate experienced and talented executives;
- ensure executive compensation is aligned with our corporate strategies, research and development programs and business goals;
- recognize the individual contributions of executives while fostering a shared commitment among executives by aligning their individual goals with our corporate goals;
- promote the achievement of key strategic, development and operational performance measures by linking compensation to the achievement of measurable corporate and individual performance goals; and
- align the interests of our executives with our stockholders by rewarding performance that leads to the creation of stockholder value.

To achieve these objectives in the future, we expect that our Board of Directors and Compensation Committee will evaluate our executive compensation program with the goal of setting and maintaining compensation at levels that are justifiable based on each executive's level of experience, performance and responsibility and that the board believes are competitive with those of other companies in our industry and our region that compete with us for executive talent. In addition, we expect that our executive compensation program will tie a substantial portion of each executive's overall compensation to key strategic, financial and operational goals. We have provided, and expect to continue to provide, a portion of our executive compensation in the form of stock options and restricted stock that vest over time, which we believe helps to retain our executives and aligns their interests with those of our stockholders by allowing them to participate in the longer term success of our company as reflected in stock price appreciation.

#### Use of Compensation Consultants and Market Benchmarking

For purposes of determining total compensation and the primary components of compensation for our executive officers in 2024 and 2025, we did not retain the services of a compensation consultant or use survey information or compensation data to engage in benchmarking. In the future, we expect that our Compensation Committee will consider publicly available compensation data for national and regional companies in the laser cleaning industry to help guide its executive compensation decisions at the time of hiring and for subsequent adjustments in compensation. Even if we retain the services of an independent compensation consultant to provide additional comparative data on executive compensation practices in our industry and to advise on our executive compensation program generally, our Board of Directors and future Compensation Committee will ultimately make their own decisions about these matters.

Our annual cash bonus program is based upon the achievement of specified annual corporate and individual goals that will be established in advance by our Board of Directors or Compensation Committee. Our annual cash bonus program emphasizes pay-for-performance and will be intended to closely align executive compensation with achievement of specified operating results as the amount will be calculated on the basis of percentage of corporate goals achieved. The performance goals established by our Compensation Committee are based on our business strategy and the objective of building stockholder value. There are three steps to determine if and the extent to which an annual cash bonus is payable to a named executive officer. First, at the beginning of the year, our Compensation Committee determines the target annual cash incentive award for the named executive officer based on a percentage of the officer's annual base salary for that year. Second, the Compensation Committee establishes the specific performance goals, including both corporate and individual objectives, that must be met for the officer to receive the award. Third, shortly after the end of the year, the Compensation Committee will determine the extent to which these performance goals were met and the amount of the award. Our Compensation Committee work with our chief executive officer to develop corporate and individual goals that they believe can be reasonably achieved with hard work over the course of the year and will target total cash compensation, consisting of base salaries and target annual cash bonuses.

#### **Stock-Based Awards**

Our equity award program is the primary vehicle for offering long-term incentives to our executives. Our equity ownership guidelines for our executives provide our executives with a strong link to our long-term performance, create an ownership culture and help to align the interests of our executives and our stockholders. In addition, the vesting feature of our equity awards contributes to executive retention by providing an incentive for our executives to remain in our employ during the vesting period. Currently, our executives are eligible to participate in our 2019 stock incentive plan, which we refer to as the 2019 Plan. Our employees and executives are eligible to receive stock-based awards pursuant to our 2019 Plan. Under our 2019 Plan, executives are eligible to receive grants of stock options, restricted stock awards, restricted stock unit awards, stock appreciation rights and other stock-based equity awards at the discretion of our Board of Directors.

Our employee equity awards have typically been in the form of stock options. Because our executives profit from stock options only if our stock price increases relative to the stock option's exercise price, we believe stock options provide meaningful incentives for our executives to achieve increases in the value of our stock over time. While we currently expect to continue to use stock options as the primary form of equity awards that we grant, we may in the future use alternative forms of equity awards, such as restricted stock and restricted stock units. To date, we have generally used equity awards to compensate our executive officers in the form of initial grants in connection with the commencement of employment. In the future, we also generally plan to grant equity awards on an annual basis to our executive officers. We may also make additional discretionary grants, typically in connection with the promotion of an employee, to reward an employee, for retention purposes or in other circumstances recommended by management.

We normally grant stock awards to our employees that vest 25% of the shares on the first anniversary of the grant date and with respect to the remaining shares in approximately equal quarterly installments through the fourth anniversary of the grant date. Vesting ceases upon termination of employment and exercise rights cease shortly after termination of employment. Prior to the exercise of a stock option, the holder has no rights as a stockholder with respect to the shares subject to such option, including voting rights or the right to receive dividends or dividend equivalents.

We have granted, and going forward expect to grant, stock options with exercise prices that are set at no less than the fair value of shares of our common stock on the date of grant as determined by our Board of Directors.

#### **Benefits and Other Compensation**

We believe that establishing competitive benefit packages for our employees is an important factor in attracting and retaining highly qualified personnel. We expect to maintain broad-based benefits that are provided to all employees, including health and dental insurance, life and disability insurance, and a 401(k) plan. All of our executives will be eligible to participate in all of our employee benefit plans, in each case on the same basis as other employees.

In certain circumstances, we may award cash signing bonuses or may reimburse relocation expenses when executives first join us. Whether a signing bonus is paid or relocation expenses are reimbursed, and the amount of either such benefit, is determined by our Board of Directors on a case-by-case basis based on the specific hiring circumstances and the recommendation of our chief executive officer.

#### **Severance and Change in Control Benefits**

Pursuant to agreements we expect to enter into with certain of our executives, these executives will be entitled to specified benefits in the event of the termination of their employment under specified circumstances, including termination following a change in control of our company.

We believe providing these benefits helps us compete for executive talent. Based on the substantial business experience of the members of our Board of Directors, we believe that our severance and change in control benefits are generally in line with severance packages offered to executives by companies at comparable stages of development in our industry and related industries.

# **Risk Considerations in Our Compensation Program**

Our compensation programs do not, and in the future will not, encourage inappropriate actions or risk taking by our executive officers. We do not believe that any risks arising from our employee compensation policies and practices are reasonably likely to have a material adverse effect on our company. In addition, we do not believe that the mix and design of the components of our executive compensation program will encourage management to assume excessive risks. We believe that our current business process and planning cycle fosters the behaviors and controls that would mitigate the potential for adverse risk caused by the action of our executives. We believe that the following aspects of our executive compensation program mitigate the potential for adverse risk caused by the action of our executives:

- annual establishment of corporate and individual objectives for our performance-based cash bonus programs for our executive officers, which we
  believe is consistent with our annual operating and strategic plans, designed to achieve the proper risk/reward balance and not require excessive
  risk taking to achieve;
- the mix between fixed and variable, annual and long-term and cash and equity compensation, which we believe encourages strategies and actions
  that balance our short-term and long-term best interests; and
- equity incentive awards that vest over a period of time, which we believe encourages executives to take a long-term view of our business.

#### Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code, generally disallows a tax deduction for compensation in excess of \$1,000,000 per person paid to a publicly traded company's chief executive officer and three other most highly paid officers, other than the chief financial officer.

We account for equity compensation paid to our employees in accordance with Financial Accounting Standards Board, or FASB, Accounting Standard Codification Topic 718, Compensation-Stock Compensation, or ASC 718, which requires us to measure and recognize compensation expense in our financial statements for all share-based payments based on an estimate of their fair value over the service period of the award. We record cash compensation as an expense at the time the obligation is accrued.

#### **Summary Compensation Table**

#### **Stock Option and Other Employee Benefit Plans**

The purpose of the 2019 Plan is to advance the interests of our stockholders by enhancing our ability to attract, retain and motivate persons who are expected to make important contributions and by providing such persons with equity ownership opportunities and performance-based incentives that are intended to better align the interests of such persons with those of our stockholders.

#### 2019 Stock Incentive Plan

On February 11, 2019, our Board of Directors and stockholders adopted our 2019 Stock Incentive Plan (the "2019 Plan"). The purpose of the Plan is to provide an incentive to attract and retain directors, officers, consultants, advisors and employees whose services are considered valuable, to encourage a sense of proprietorship, and to stimulate an active interest of these persons in our development and financial success. Under the Plan, we are authorized to issue up to 40,000,000 shares of common stock, including incentive stock options intended to qualify under Section 422 of the Internal Revenue Code of 1986, as amended, non-qualified stock options, stock appreciation rights, performance shares, restricted stock and long-term incentive awards.

Administration. The 2019 Plan is administered by the Board of Directors or the committee or committees as may be appointed by the Board of Directors from time to time (the "Administrator"). The Administrator determines the persons who are to receive awards, the types of awards to be granted, the number of shares subject to each such award and the terms and conditions of such awards. The Administrator also has the authority to interpret the provisions of the 2019 Plan and of any awards granted there under and to modify awards granted under the 2019 Plan. The Administrator may not, however, reduce the price of options or stock appreciation rights issued under the 2019 Plan without prior approval of the Company's shareholders.

Eligibility. The 2019 Plan provides that awards may be granted to our employees, officers, directors and consultants or of any parent, subsidiary or other affiliate of the Company as the Administrator may determine. A person may be granted more than one award under the 2019 Plan.

Shares that are subject to issuance upon exercise of an option under the 2019 Plan but cease to be subject to such option for any reason (other than exercise of such option), and shares that are subject to an award granted under the 2019 Plan but are forfeited or repurchased by the Company at the original issue price, or that are subject to an award that terminates without shares being issued, will again be available for grant and issuance under the 2019 Plan.

Terms of Options and Stock Appreciation Rights. The Administrator determines many of the terms and conditions of each option and SAR granted under the 2019 Plan, including whether the option is to be an incentive stock option or a non-qualified stock option, whether the SAR is a related SAR or a freestanding SAR, the number of shares subject to each option or SAR, and the exercise price of the option and the periods during which the option or SAR may be exercised. Each option and SAR is evidenced by a grant agreement in such form as the Administrator approves and is subject to the following conditions (as described in further detail in the 2019 Plan):

- (a) Vesting and Exercisability: Options, restricted shares and SARs become vested and exercisable, as applicable, within such periods, or upon such events, as determined by the Administrator in its discretion and as set forth in the related grant agreement. The term of each option is also set by the Administrator. However, a related SAR will be exercisable at the time or times, and only to the extent, that the option is exercisable and will not be transferable except to the extent that the option is transferable. A freestanding SAR will be exercisable as determined by the Administrator but in no event after 10 years from the date of grant.
- (b) Exercise Price: Each grant agreement states the related option exercise price, which, in the case of SARs, may not be less than 100% of the fair market value of the Company's shares of common stock on the date of the grant. The exercise price of an incentive stock option granted to a 10% stockholder may not be less than 125% of the fair market value of shares of the Company's common stock on the date of grant.
- (c) Method of Exercise: The option exercise price is typically payable in cash, common stock or a combination of cash of common stock, as determined by the Administrator, but may also be payable, at the discretion of the Administrator, in a number of other forms of consideration.

- (d) Recapitalization; Change of Control: The number of shares subject to any award, and the number of shares issuable under the 2019 Plan, are subject to proportionate adjustment in the event of a stock dividend, spin-off, split-up, recapitalization, merger, consolidation, business combination or exchange of shares and the like. Except as otherwise provided in any written agreement between the participant and the Company in effect when a change in control occurs, in the event an acquiring company does not assume plan awards (i) all outstanding options and SARs shall become fully vested and exercisable; (ii) for performance-based awards, all performance goals or performance criteria shall be deemed achieved at target levels and all other terms and conditions met, with award payout prorated for the portion of the performance period completed as of the change in control and payment to occur within 45 days of the change in control; (iii) all restrictions and conditions applicable to any restricted stock units shall lapse and payment shall be made within 45 days of the change in control; and (v) all other awards shall be delivered or paid within 45 days of the change in control.
- (e) Other Provisions: The option grant and exercise agreements authorized under the 2019 Plan, which may be different for each option, may contain such other provisions as the Administrator deems advisable, including without limitation, (i) restrictions upon the exercise of the option and (ii) a right of repurchase in favor of the Company to repurchase unvested shares held by an optionee upon termination of the optionee's employment at the original purchase price.

Amendment and Termination of the 2019 Plan. The Administrator, to the extent permitted by law, and with respect to any shares at the time not subject to awards, may suspend or discontinue the 2019 Plan or amend the 2019 Plan in any respect; provided that the Administrator may not, without approval of the stockholders, amend the 2019 Plan in a manner that requires stockholder approval.

#### **ELECTION OF DIRECTORS**

Our directors are elected by the shareholders at each annual shareholder meeting.

Our Board of Directors currently consists of five (5) directors: Ketan Thakker, Elliot Bohm, Kevin Harrington, Paul K. Danner and W. Scot Wingo. The Company nominates the five (5) current directors for election to the Board at the Annual Meeting.

Each nominee, if elected at the Annual Meeting, will hold office for a one-year term until our next annual meeting of shareholders or until their successor is elected and qualified, or until their earlier death, resignation or removal.

The Board of Directors believes that each nominee has valuable individual skills and experiences that, taken together, provide us with the knowledge, judgment and strategic vision necessary to provide effective oversight of the Company. The biographies below reflect the particular experience, qualifications, attributes and skills that led the Board of Directors to conclude that each nominee should serve on the Board of Directors.

The information set forth under the heading "Information About Our Board of Directors" details the Director Nominees' business experience and qualifications that led to the nomination by the Nominations and Corporate Governance Committee and approval by the Board of Directors for recommendation of each individual for election.

If, for any reason, any Director Nominee becomes unavailable for election, the proxies will be voted for such substitute nominee(s) as the Board may propose.

#### **Vote Required**

Our Certificate of Incorporation, as amended, does not authorize cumulative voting. Directors will be elected by a majority of the shares having voting power present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors. Shares present at the Annual Meeting that are not voted for a particular nominee or shares present by proxy where the shareholder properly withheld authority to vote for such nominee will not be counted toward that nominee's achievement of a majority.

The charter of our Audit Committee provides that the duties and responsibilities of our Audit Committee include the pre-approval of all audit, audit-related, tax, and other services permitted by law or applicable SEC regulations (including fee and cost ranges) to be performed by our independent registered public accountant. Any pre-approved services that will involve fees or costs exceeding pre-approved levels will also require specific pre-approval by the Audit Committee. The Audit Committee will not approve any non-audit services prohibited by applicable SEC regulations or any services in connection with a transaction initially recommended by the independent registered public accountant, the purpose of which may be tax avoidance and the tax treatment of which may not be supported by the Code and related regulations.

To the extent deemed appropriate, the Audit Committee may delegate pre-approval authority to the Chairman of the Audit Committee or any one or more other members of the Audit Committee provided that any member of the Audit Committee who has exercised any such delegation must report any such pre-approval decision to the Audit Committee at its next scheduled meeting. The Audit Committee will not delegate the pre-approval of services to be performed by the independent registered public accountant to management.

Our Audit Committee requires that the independent registered public accountant, in conjunction with our Chief Financial Officer, be responsible for seeking pre-approval for providing services to us and that any request for pre-approval must inform the Audit Committee about each service to be provided and must provide detail as to the particular service to be provided.

All of the services provided above under the caption "Audit-Related Fees" were approved by our Board of Directors or by our Audit Committee pursuant to our Audit Committee's pre-approval policies.
